### OVERVIEW

Our story begins in 1982 in Toledo, Ohio. Mark Pi, Sr. created a central kitchen to support his growing restaurant chain. The goal was to maintain consistent and quality meals throughout every restaurant location. In 1997 Mark Pi, Sr. moved the central kitchen to Columbus, Ohio and Sunrise Foods was born.

For the next two decades, Sunrise Foods cemented itself as a not just a central kitchen, but as a manufacturer geared towards the Food Service segment. Today Sunrise continues to serve consistent and restaurant quality food to all of our food service partners.
